It's Official, We Are Military Spouse Owned

Celebrating recognition as a Military Spouse Owned Enterprise

May 24, 2022 (KISSIMMEE, FL) — MEDkeen Solutions, a healthcare consulting company founded by Khalilah Filmore, is proudly celebrating an achievement in becoming an officially recognized Military Spouse Owned Enterprise. The U.S. Military Spouse Chamber of Commerce created the first and only of its kind certification, in an unprecedented commitment to land military spouses a seat at the B2B table for the first time in history.

*"The Military Spouse Owned Enterprise certification gives military spouse business owners a seat at the table."
Khalilah Filmore, CEO MEDkeen Solutions*

The U.S. Military Spouse Chamber of Commerce is on a mission to garner national recognition of military spouse business owners through its certification process. Supporting military spouse owned business is a win-win move for both the spouses and the corporation who hire them for B2B enterprise. By supporting the military spouse, you directly impact the quality of life for the service member, influencing higher military retention and national security.

Since 2012 military spouse unemployment remains statistically unchanged. It's time to look at the entire picture, including the 48% of military spouse entrepreneurs. The best way to find and support a military spouse owned business is to start locally. MEDkeen Solutions, a local military spouse owned business is helping the Central Florida economy in a big way.

Military spouse, Khalilah Filmore has over 22+ years of healthcare experience; she is a nurse-turned CEO who decided it was time to get off the bench and win in this tough game called healthcare management. Since 2016, MEDkeen Solutions offers a wide range of strategic consulting services to a broad portfolio of healthcare organizations and clients using data to implement cost effective strategies.

*"The U.S. Military Spouse Chamber of Commerce proudly welcomes MEDkeen Solutions as an officially certified Military Spouse Owned Enterprise. We know that MEDkeen Solutions will continue to make a positive impact in the local community and lend credibility to their fellow military spouse peers."
